

Art Development Training

Tammy Rusnak, The Squirrel Tree will be facilitating a workshop about children's (0-5Years) creative and fine motor development. We will be discussing product vs. process art projects, milestone developmental stages in fine motor development, and gain hands on experience by creating some art. Please wear clothes that can get messy and your creative cap. This is a great opportunity for providers, parents, and teachers to re-examine their approach to art and the creative process.

Thursday, Jan. 28th

6:30pm-9:00pm

Hosted by the Sheperd of the Valley Preschool

Director: Terry Labrum
